

Elevation Model

Pre-Construction Imagery

Updated Site Imagery

WE PROVIDE:

- ✂ Aerial Imagery of Property
- ✂ Access to Photogrammetry Exports
 - dxf contour file**
 - geotiff**
 - hi resolution image pdf or tiff
 - various other useful file types
- ✂ Tools to Estimate Distances

WE ARE:

- ✂ FCC Part 107 Licensed Pilots
- ✂ Utilizing best in class technology
 - RTK Drone, CORS Corrections*, Drone Deploy Map Processing
- ✂ Efficient, usually 1hr flight or less
- ✂ Quick, access to data typically in 1 week

PROPERTIES MUST:

- ✂ Have key infrastructure marked
 - Property corners
 - Septic tank location
- ✂ Have minimal canopy coverage in area of interest
- ✂ Have Imagery & Mapping Agreement completed
- ✂ Have notified neighbors of flight

QUESTIONS OR TO SCHEDULE A FLIGHT:

info@rebuildparadise.org

*CORS Correction Network will be utilized when available, otherwise RTK with base station will be used.

**The Rebuild Paradise Foundation does not certify in any way that these products are "Survey Grade" or of "Engineering Quality" and cannot be used in place of a survey, certified topographic map or other application requiring certification. Further, if a property owner or design professional require any type of certification, they should enlist the skills of the appropriate licensed provider.

This project made possible by the generous support of:
